Must be ordered in full cases.

Production Time: 7-10 business days from proof approval

Subject to review of artwork and pricing if print area exceeds 75% of print surface.

Exact PMS colors are not possible as all colors are converted to CMYK. Reference a Pantone PMS color bridge to see how your PMS color will appear. Prices subject to review of art. Additional charges may apply to orders with excess ink coverage.

Tamper Evident Delivery Bags

Sealable to assure food safety. Large bottom gussets help the bags stand on their own without cardboard inserts. Bags are engineered to keep containers flat and prevent tipping and spilling

Peel & Seal Paper Shoppers

Tamper-Evident
Two 9" adhesive strips, one on each side for secure closure

Recyclable and Biodegradable
Contains 95% post consumer recycled material

Print your Logo
Flexo, Hot-Stamp or Screen Print methods available.

DeliverSAFE Poly Bags

100% Polyethelene • 100% Recyclable

- 1

Load your DeliverSAFE bag
- 2

Tear perforation on sides of bag
- 3

Remove adhesive backing strip
- 4

Seal your DeliverSAFE bag
- 5

DeliverSAFE bag is now tamper-resistant
- 6

Customer tears open after delivery

DeliverSAFE logo appears on 1 side of bag only.

New! SpiroPack™ Nest Eco

Spiro Pack Nest is a true Eco product in more ways than one. It is FSC certified, highly recycled and naturally biodegradable. It's dense packaging not only saves money (and therefore fuel) regarding transportation but also saves space when stored compared to traditional bulk fill. The Nest style is cut in narrower channel spirals for added nesting and fill volume. Made from 25# / 40 GSM paper. Each carton weighs 10lbs and contains approximately 2,200 spirals per carton.

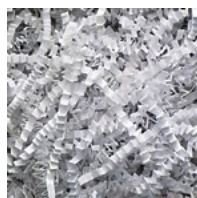

1 Unit = 10 lb Carton

E-Commerce 20 lb Packing Tissue

E-Commerce Sheets

E-Commerce Counter Rolls

Add a little color and watch your customer satisfaction soar!

* Special Order Colors

24% Higher Value
An independent study conducted by Clemson University proves that product shipped in decorative tissue has a 24% higher perceived value, when compared to the same product & package containing traditional void fill.

Ship the In Store Experience
Decorative tissue brings the "in store" experience to the customers' door! Happy customers mean more re-orders, more likely to recommend, and less returns, based on the same study

E-Commerce tissue rolls can also be used with tissue crumpler devices.

Shown only for demonstration purposes.
Not sold by this supplier.

Our Flora-Satin and Sparkalene ribbon are the perfect width for the bow machines and therefore you can be free of star bows with flipped loops. Our ribbons are embossed, which helps the machine grip and pull the ribbon properly. The cores are made to fit the machines so no adapters are needed. These ribbons can also be used on the S-13 pom bow machine, however if you prefer more fabric feel and an easier pull when opening, try satin acetate which can be found on page 75.

Post-Printing Information

Process Printing

Flexo Printing

Hot Stamping

Screen Printing

Easily identify the printing method.

Follow the coding system below to identify when printing is available for the products listed in this catalog.

Product Code	Size	Pkg	Wt/Pkg	1	5	10	25+
White Gloss (Economy) Gift Boxes							
BX-GE333	3" x 3" x 3"	100	5	27.17	24.11	23.52	FL HS SS

Codes for each print process will be located in the far right side of the header line:

SS = Screen Printing **HS** = Hot Stamp **FL** = Flexo Printing

The letters will appear where that method of printing is available for that item. Print charges are then added to product pricing.

Process printing will not have a code located here. Instead, it has its own separate pricing which includes product, printing & all set up charges.

General Information for Post-Printing

Standard Lead-times:	We strive year round to provide a ten business day lead-time. Lead-times are subject to fluctuations in machine capacity and product availability. The total quantity of impressions will also effect lead-times, please add additional time for more than 5,000 total impressions. For example: the total number of impressions on a 2 color logo printed on 2 sides is 4 impressions per bag.
Approvals:	Signed sales order acknowledgements & proof approvals must both be received before lead-time can begin. If received by 9 am CST, it counts as day one. Please carefully check all details on both the art/placement proof as well as the acknowledgment since a signature confirms the accuracy of all information and is an agreement to all charges stated.
Quantity Pricing by Style:	Post-printing allows us to combine multiple sizes of the same style of product to accumulate toward the per thousand cost, provided one common plate & foil/ink are used. Price categories group product by print pricing and may contain various styles. Examples of different styles are: Euro Bags, Twill Handle Bags, Gift Boxes, Jewelry Boxes, Merchandise Bags, Ameritotes, etc.
Plate Changes:	When hot-stamping, changing the plate or foil using a \$30 change fee is a good way to obtain quantity pricing. Change fees cannot be used in screen, flexo printing or second side printing. When printing each side with different artwork, use pricing for 1 sided pricing x 2, as the job requires two set ups and may run on different machines.
Supplied Plates:	Cleaning charges may be required to remove excess adhesive from back of supplied plate before it can be used. \$35-\$50 subject to review upon receipt. It will also be inspected for wear and defects. If it is determined that the supplied plate will not create a consistent quality impression, a new plate will need to be purchased.
Plate Wear:	We will replace plates at no charge as deemed necessary due to wear & tear in order to create a quality impression on consistently repeating orders. Factors include total quantity of impressions as well as time between orders.
Rush Orders:	A 30% - 40% upcharge of the printing price (minimum of \$75 - \$125) will be applied to any order requesting a quicker ship date than current lead-time allows. Additional charges for air freight is required on new plates. Rush charges are subject to changes due to production schedule and time of year. In the 1st & 2nd quarters of the year, quicker lead times may be available with no additional upcharges. Contact customer service regarding current rush opportunities.
Artwork:	We can accept pdf, ai, or eps files. Artwork must be vector and outlined. Jpeg artwork will not provide quality printing in one color printing, and cannot be used for multiple colors. Changes made to supplied artwork will be billed at \$75 per hour with \$30 minimum charge. We can print up to 45 line screen in Flexo and up to 100 line screen in Screen Printing. In Hot-Stamping half tones do not appear the way they do in ink. Instead a screen adds texture to the solid foil impression.
Proofs:	Up to 2 proofs (per size) are included with each order. Additional proofs will incur a \$20 charge per proof. Please check all details on proofs carefully as electronic artwork does not always transfer consistently and minor changes can occur.
Registration:	Screen Printing tolerance is 1/16" shift in any direction between colors. Hot-Stamping tolerance is 1/8" in any direction with no critical alignment Flexo Printing tolerance is 1/2" in any direction with no critical alignment
Coverage:	Hot-Stamping & Flexo Printing cannot tolerate heavy ink coverages therefore we recommend screen printing for those applications.
Merchandise & SOS Bags:	Merchandise and SOS bags are hot-stamped flat when printing one side which creates a ghost impression on the back of the bag. To avoid this, the bags can be inserted; a \$65 fee applies.
Restrictions:	In Flexo Printing, a \$65 (per 1,000 pcs.) insert fee applies to any bag or box with an overall length measuring less than 11".
Labeling:	Provided labels can be applied at time of printing or converting for a charge of \$10.00 per 100.

Pre-Production Proofs

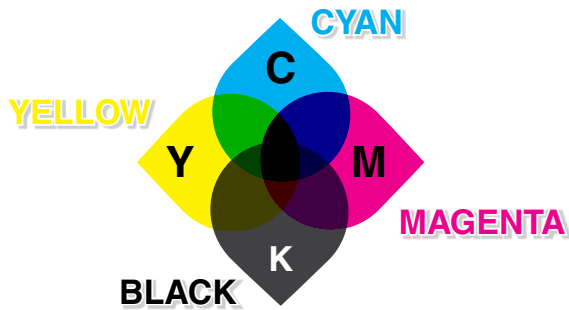

Lead times for pre-production proofs are subject to current demands on each production department.

Please contact customer service for current availability.

Hot-Stamp:	\$100.00 plus plate(s)	4-Color Process:	1 side Prepro is \$214.00 with a \$107 (50%) credit * towards the first order
Screen:	\$125.00 plus screen(s) & any ink match charges		2 side Prepro is \$286 with a \$143 (50%) credit* towards the first order
	<i>If order is placed within 60 days, no ink match charge on first order</i>		Multiple Prepros with different logos is \$215 PLUS \$105 per additional logos (50%) credit* towards the first order
Ribbon:	\$40.00 plus plate 1 color print \$45.00 plus plate 2 color print 2 to 3 yards of ribbon		Multiple Copies of Prepro with same logo is \$215 PLUS \$35 per additional piece (50%) credit* towards the first order
Bows:	\$60.00 plus plate 2-3 bows		<i>*Providing they make no changes and that the order is placed within 60 days at minimum quantities shown in catalog</i>

4-Color Process Print

What is Process Printing?

Four color process printing is a system where a color image is separated into four different color values: **Cyan, Magenta, Yellow and Black (CMYK)**.

By using just these four colors, most of the spectrum or gamut of colors are reproduced, with a total of over **16,000 different color combinations!**

How are colors produced?

When the artwork has been split up into these four color channels, the amount of density for each is also calculated. The artwork is then printed in a pattern of small dots based on these various densities to create the look of a solid color(s).

Process printing makes it possible to print anything from a simple 1 color logo to a full spectrum photographic image. The possibilities are endless.

When to Process Print?

Process print, although more expensive than other printing options, can be a better option in some cases for your packaging solution.

Good candidates for process printing include:

-  Logos containing several colors with tight registration
-  Artwork containing photographic images
-  Printing on textured substrates, such as E-Flute
-  Short-run jobs, since plate/screens are not required

Process printing also has no shift tolerance between colors. So, you can be sure to have your logo printing where and how you want it.

- Accepted Art Files:** Vector (preferred) - High Quality & Editable: EPS, AI or PDF files
Raster Images - High Resolution Jpeg, 300 DPI or higher. File should be sent actual print size or larger. Not all Jpegs will perform well on non-white substrates.
- No Plate Charges:** Pricing includes all set up charges, product and printing charges. No additional plate or screen charges. Must be ordered in full cases.

Subject to review of artwork and pricing if print area exceeds 75% of print surface.
- Rush Charges:** Regular ship time for process printing, 100 – 500 pieces, is between 7-10 days depending on machine availability. For shorter lead times, please contact customer service regarding current rush opportunities.
- Color Matching:** Exact PMS colors are not possible as all colors are converted to CMYK. Reference a Pantone PMS color bridge to see how your PMS color will appear. Prices subject to review of art. Additional charges may apply to orders with excess ink coverage.

Flexo Printing

A rotary system using water based ink and a flexible plate which is mounted directly onto the printing cylinder. The plate is kept on file for future use. It is our fastest post-printing process and quite economical. Product options are limited to paper finishes for ink absorption. Product with handles must be fixed like that of a twisted paper handled shopping bag. Bags with rope handles will not run on this type of printing machine. Single color prints are best suited to this process. When printing multiple colors, registration cannot be critical due to machine variances.

Ink color will vary due to absorption and texture of surface being printed.

Custom Ink Colors Available

Initial Order: \$90-\$145 per color
Repeat Order: \$10 per 1,000 impressions

An insert is required for any product with a total height of less than 11" at \$75 per 1,000 pieces

Flexo Plate Cost

To determine plate size in square inches add 1" to both width and height of image and multiply together.

Up to 30"	31" - 40"	41" - 50"	51" - 60"	61" - 70"	71" - 80"	81" - 90"	Over 91"

E-Commerce Shipping Envelopes			
Per Color / Per Side	174	156	139
Paper Merch Bags & Boxes including Gift, Gable & Apparel			
Per Color / Per Side	163	147	134

Size Changes are FREE!

Combine multiple sizes of the same style of product to accumulate toward the total quantity printed and use that number to determine print charges. This assumes the same plate and ink color are being used on the entire quantity. Same style refers to categories of like product such as Shopping Bags, Gift Boxes, Merchandise Bags etc.

Standard Ink Colors For Flexographic Printing

Hot Stamping

This process uses a metal plate in combination with heat, pressure & duration to transfer the foil to the surface of the product, leaving the desired impression. The plate is kept on file for future use. Foil colors can be metallic, matte, or gloss. Each foil has a different backing to adhere to different substrates. Printing colors are limited to available foil from our suppliers. If a specific PMS color is desired, screen printing is the better option. This is the only method to obtain a true metallic image.

2 Sided pricing only applies when same artwork is printed on both sides, use 1c/1s pricing x 2 if not the same. Not all foil colors will adhere to all product types.

Hot-Stamp Plate Cost

To determine plate size in square inches add 1" to both width and height of image and multiply together.

Up to 30"	31" - 40"	41" - 50"	51" - 60"	61" - 70"	71" - 80"	81" - 90"	Over 91"

--------	-----------	-----------

Combine for Quantity Pricing

Size Changes are FREE. Combine multiple sizes of the same style of product to accumulate toward the total quantity printed and use that number to determine print charges. This assumes the same plate and foil color are being used on the entire quantity. Same style refers to categories of like product such as Shopping Bags, Gift Boxes, Merchandise Bags etc.

For Example:

An order for 500 Petite shopping bags and 500 Fashion shopping bags using the same 40 square inch plate would be charged a total of \$230 for 1 side printing.

If the order were for 1000 Petites and 500 Fashion, again using the same 40 sq inch plate, the print charges would be $1.5 \times 230 =$ a total of 345.00.

What if you want to use TWO different size plates?

Use the \$30 plate change fee to obtain quantity pricing.

For Example:

An order for 500 Petite and 500 Fashion shopping bags, using a 25 sq inch plate for the Petite and a larger 50 sq inch plate for the Fashion would be charged \$230 (the printing for the larger size) plus \$30 to change the plate. A total of \$260 for 1 side printing.

If the order were for 1000 Petites and 500 Fashion, again using two different plates, the print charges would be $1.5 \times 230 + 30 =$ a total of 375.00.

Change fees cannot be used on second side printing. When printing each side with different artwork, use pricing for 1 sided pricing x 2, as the job requires two set ups and may run on different machines.

Short Run Hot-Stamp Program - 1 Color / 1 Side

For quantities of less than 1,000 of the same size bag and style

	Minimum Charge	Less than 1,000 pcs
Paper Shopping & SOS Bags	130.00	0.26 each
Euro Style Bags	150.00	0.30 each
Twill Handle Bags	150.00	0.30 each
Stardust Euro Bags	165.00	0.33 each

Full cases only. Plate sizes up to 50 square inches.
When printing 2 sides, double price above. 2nd Side discounts start at 1,000 bags.

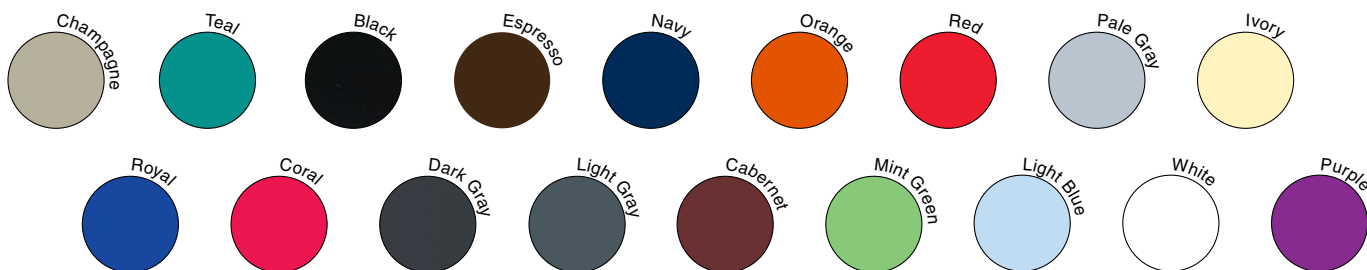

Standard Foil Colors - Not all foil colors will adhere to all product types

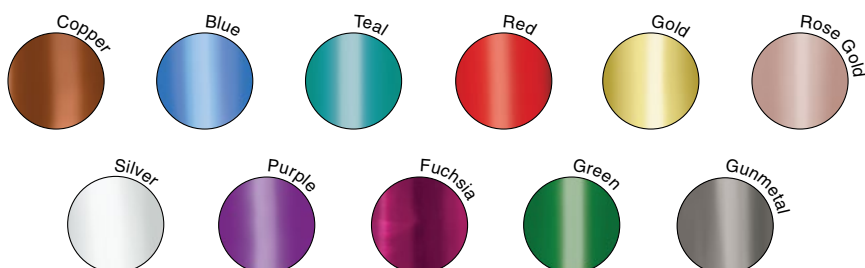

Gloss Finish (Does not perform well on natural or uncoated substrates.)

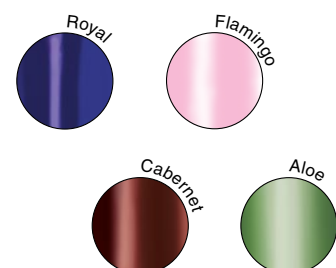

Matte Finish

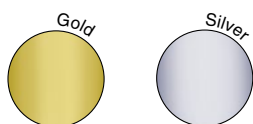

Standard Metallic-A

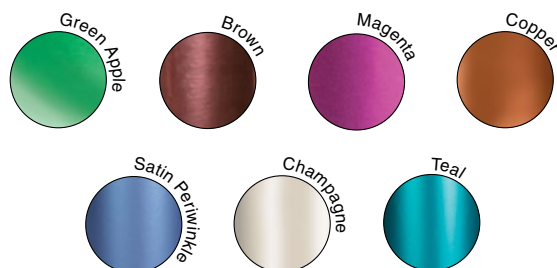

Standard Metallic-B

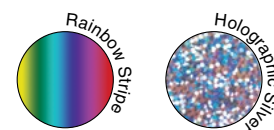

Brushed Metallic-A

Brushed Metallic-B

Special Effects

Screen Printing

In this method a screen is used instead of a plate. Ink is pushed through a fine mesh screen to transfer the desired image to the product. It is our most versatile process because of its gentle and precise nature. We can match any PMS ink color when printed on a white substrate. When ordering a colored substrate, please be aware that the background will effect the end result and change the color. Therefore, we suggest you request an ink draw down to assure the color meets your customer's expectations. Multiple colors can be accomplished on a wide variety of products. We use UV ink which creates a glossy finish. A matte additive can be requested to remove the gloss; or a metallic powder can be added to the ink to create a brushed metallic look. Screens must be made on every order, repeat or new, as the screen is reclaimed and used again. The film used to make the screens is stored in the file to be used on future orders.

Screen Charges for New Artwork = \$75 (per screen/per color).
Repeat Orders (same artwork/size) screen charges waived.

Size Changes are FREE!

Combine multiple sizes of the same style of product to accumulate toward the total quantity printed and use that number to determine print charges. This assumes the same screen and ink color are being used on the entire quantity. Same style refers to categories of like product such as Shopping Bags, Jewelry Boxes, Gift Boxes, Pillow Packs, etc.

Ink Colors for Screen Printing

PMS Ink Match \$40 per color

Standard Stock Inks: There are no additional charges for the following standard ink colors. PMS numbers shown are approximate when printed on gloss white and compared to coated PMS charts. These colors will naturally change when printed on various substrates and colored backgrounds. Ink draw downs are available upon request.

Matte & Metallic Additives: Available for an additional \$15 charge per 1,000 impressions.

Vibrant colors available on white substrates only

Brushed Metallics = \$15 upcharge per 1,000 impressions

Choose Screen Printing When...

Large Print Area

When your artwork covers a large area. Excessive foil raises the price so Screen Printing is cost effective for these situations

Screened Colors in the Artwork

Use varying percentages of ink to create a print that looks like multiple colors.

Multiple Colors

Discounts for multiple colors. Sizes combine when using the same artwork.

A Specific Color is Required

We mix our own ink which means you get the color you want!

Heavy Ink Coverage

Large coverage in hot stamping means trapped air and broken foil. Screen printing is the solution.

Tighter Registration Between Colors

Our tightest printing option at 1/16" shift between colors.

Gloss or Matte Finish

Our ink is naturally glossy; get an upscale look without using foil. Add matte additive for a natural look.

Larger Print Runs

Price breaks are given for longer runs.

Change Color in Run

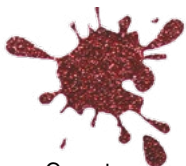

\$50 Ink wash charge provides the opportunity to change colors while on press.

Sizes Combine for Quantity

No upcharge to combine multiples sizes. As long as they use the same screen, we'll set up the additional size for free!

High Sparkle Glitter Inks Add \$35 per 1,000 impressions

Actual (Ship) Wt: The number to appear first is the actual or physical weight of one selling unit. The number shown in parenthesis is the dimensional weight of the product, or the shipping weight if shipped by itself. (ie. BX-53WK 8 (14) has a physical weight of 8 lbs however when shipped via UPS or Fed Ex, ground or air, the shipping weight is dimensional at 14 lbs.) When the dimensional weight of a package is over 50 lbs, incur additional handling charges.
